PR2024-0910

EVENT: Stolen Vehicles and property
DATE: 09/09/2024 – 9/10/2024
TIME: 10:45 pm to midnight
LOCATION: Jefferson Drive, Irving Ct., Mercury Ave, Apollo Rd, Old Landing

SUSPECT: Unknown
DOB:
ADDRESS: Unk

FACTS:

Last Night, September 9th between 10:45pm and midnight, unknown suspects came into Tiburon and entered, rifled through and possibly stole property from unlocked vehicles on and around Jefferson Drive and in the Belveron area. We believe the subjects also entered a car on Old Landing Road where a vehicle was stolen about a week ago. In the hour that we believe the suspects were in town last night they were seen on video surveillance checking for unlocked cars. During this time, two vehicles were stolen. An unlocked Genesis SUV was taken from Venus Court, and it is believed the keys to the vehicle were inside. The other vehicle, a Chevy Delnali, was parked and locked on Irving Court when it was taken. It is unknown how the car was entered and started.

Both vehicles were seen leaving town on the ALPRS cameras at approximately 11:45pm. The Genesis has been tracked to Oakland and Tiburon officers are attempting to recover it at this time. Cards taken in previous thefts from vehicles in the past days have been used in the East Bay shortly after their theft. It appears that criminals are coming from the East Bay and targeting unlocked vehicles in town. Please do not leave valuables in your car and lock your doors. Report suspicious activity immediately to the police department at (415) 789-2800.
