Active Construction Will Impact Old Rail Trail This Week

As construction on the Old Rail Trail nears completion, the contractor is poised to begin slurry sealing paved portions of the path this week. This is messy work, requiring complete closure of trail segments for periods of time. There are two days this week when parts of the trail will be completely closed to public access. During the two days listed below, detours cannot be provided, and the public is encouraged to make other travel arrangements in these areas.

Wednesday, September 23 - Old Rail Trail is closed to public access between San Rafael Avenue and Mar West Street.

Thursday, September 24 - Old Rail Trail is closed to public access between South Knoll Park and San Rafael Avenue.

For more information, please contact David Eshoo, Associate Engineer, at (415)435-7354.
