Tiburon Police: Living & Growing Together Series First Community Circle on 8/10

Tiburon Police's Living & Growing Together series continues in August with the first two Community Circles. Tiburon Police will host a variety of Community Circles to meet with community members from different sectors in the community to engage them in meaningful conversations and learn how to best serve their policing needs. The purpose of the series and circles is the co-creation of an integrated and effective response to policing and community engagement.

Circle #1 - Tiburon Business Owners, Non-profit Leaders, and their Employees

Tuesday, August 10, 2021 between 6:00 p.m. - 8:00 p.m.

This circle is for all business owners, their employees, non-profit leaders and their staff to be able to sit down with Chief Monaghan and his officers for the purpose of a meaningful dialogue which will help inform the future practices of the Tiburon PD. The goal is to understand more about how the Tiburon PD can understand the policing needs of business and non-profit leaders and their employees and staff - who are strongly encouraged to attend. Everyone's voices will be heard and valued.

[Register for Community Circle #1 here.](#)

Circle #2 - Tiburon Faith Based and Religious Organizations

Tuesday, August 24, 2021 between 6:00 p.m. - 8:00 p.m.

This circle is for all the faith based and religious organizations in Tiburon. We invite leaders and members of these organizations to join Chief Monaghan and his officers to be able to have meaningful dialogue to better understand their policing needs and create greater community engagement with this population.

[Register for Community Circle #2 here.](#)

All circles will be held at Tiburon Town Hall and will start promptly at 6:00 p.m.

Our community circles promise to create greater community engagement between Tiburon law enforcement and citizens of Tiburon with the intended results:

To Rebuild Trust in the Community Between the Police and Citizens Through Connection
To Improve Skills for Officers in their Engagement with Citizens
To Ensure Officers are Able to do Their Jobs with Confidence, Support, Expertise, and Joy

National Night Out on August 3

Please join us on Tuesday, August 3 from 5 p.m. - 7 p.m. at the Tiburon Police Station (1155 Tiburon Boulevard) for National Night Out!

Come meet your community including members of the Tiburon Police Department, Tiburon Fire Protection District, and Southern Marin Fire. Enjoy free BBQ hot dogs & chips, get a tour of the Tiburon Police Station and check out emergency vehicles up close and personal. We hope to see you all there!

Severe Drought Prompts Water Restrictions in Marin

With reservoir levels at historic lows, Marin Water's board of directors has declared a water shortage emergency and adopted mandatory water use restrictions. The goal of the restrictions is to achieve a 40% reduction in water use across the entire water district. The water restrictions are bulleted below:

- Spray irrigation is limited to one day a week in each community. Tiburon's designated spray irrigation day is **Mondays**.
- Drip irrigation is limited to any two days per week.
- Marin Water recommends turning off your irrigation system and spot watering by hand, only when necessary. Spot watering can be done any day of the week.
- Outdoor watering is prohibited between 9:00 a.m. and 7:00 p.m. to prevent evaporation.
- Covers are required for all pools and spas. Liquid pool covers are acceptable.
- Do not wash vehicles at home. Use a car wash that recycles water instead.
- Do not power wash homes or businesses.
- Do not wash driveways or sidewalks.
- Do not waste water. Flooding gutters is prohibited.
- Leaks must be fixed within 48 hours of being discovered.
- Garden hoses must have a shutoff nozzle.
- Golf course irrigation is restricted to greens and tees.
- Do not water grass on public medians.
- Do not use potable water for dust control, compaction, sewer flushing, or street cleaning.
- Do not refill or top off decorative fountains.

Marin Water provides free phone consultations to help you find water conservation programs and rebates that work best for you. Call (415) 945-1523 or email conservation@marinwater.org to schedule a consultation or visit MarinWater.org for more

Evacuation Tags Available at the Tiburon Police Station

All law enforcement agencies in Marin, including the Tiburon Police Department, are now providing "evacuated" tags to their residents. The tags are available for pick up at the Tiburon Police Station Monday through Friday 8:00 a.m. - 5:00 p.m. Residents should keep them in their go-bag or near their front door and in the event of an evacuation, should hang the tag someplace visible, such as on the front door, front gate, or garage door so that first responders know the home has been evacuated.

Here is a video created by Southern Marin Law Enforcement agencies explaining the evacuation tags:

COVID-19 Update

Marin County has one of the highest rates of COVID-19 vaccination in the nation, but we are still experiencing another surge of COVID-19 cases in Marin. Here's what you should know:

Cases are Rising in Marin County.

[In this video](#), Dr. Matt Willis explains what this "4th Surge" means to us, how this surge differs from those in the past, and why unvaccinated residents are more vulnerable than ever.

[Marin HHS's case surveillance](#) is now tracking case data among vaccinated and unvaccinated residents. The data shows that cases among unvaccinated residents are fueling the current surge, but the presence of the highly transmissible Delta variant is impacting those vaccinated too.

As cases rise, the fundamental strategies we utilized at the beginning of the pandemic are essential. Vaccination remains the most important tool to prevent COVID-19, but residents are urged to go "back to basics" and remember to use other tools in the COVID-19

prevention toolkit: wear a mask when required, practice good hand hygiene, clean & disinfect high-touch surfaces daily, cover sneezes & coughs, avoid close contact with those outside your household (especially in crowds and poorly ventilated spaces), monitor for COVID-19 symptoms, and quarantine and isolate if you have been exposed to or test positive for COVID-19.

Facial Coverings.

On July 16, Marin HHS and other Bay Area counties released [a joint statement](#) recommending all people, regardless of vaccination status, wear a facial covering indoors in public places. The statement and recommendation came about in light of COVID-19 cases rising locally and the rapid spread of the contagious Delta variant.

On July 27, the Centers for Disease Control (CDC) made [a similar recommendation](#) for residents or visitors in counties with [substantial or high transmission rates](#).

Beginning Monday 8/2, facial coverings will be required for Town Hall visitors regardless of vaccination status.

Vaccinations and Testing are Widely Available.

There are plenty of free COVID-19 vaccination options coming up in Marin County. Some locations require an online appointment; others are open for walk-ups. Visit the [Vaccine Finder](#) for all the pop-up options or [request a visit](#) from the mobile vaccination team.

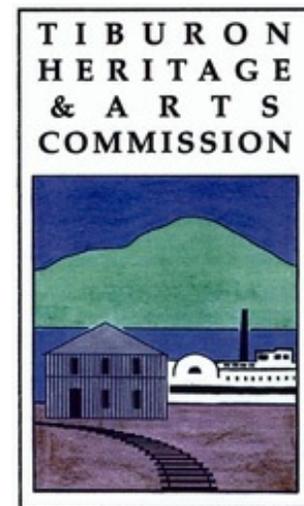

Regardless of vaccination status, COVID-19 testing remains an important tool to lessen the spread of COVID-19. Visit the [Testing Information](#) webpage or contact your primary care provider to schedule a testing appointment.

Do You Want a Say In Public Art?

The Tiburon Heritage & Arts Commission is excited to launch its Public Art Program. The Commission wants to hear from you about what kinds of public art you would like to see in Tiburon.

Please take this short and easy survey ([Public Art Survey](#)) to let the Commission know your vision for public art in Tiburon, so they can work to make it happen.

Please contact Patti Pickett at ppickett@townoftiburon.org with additional comments.

Traffic Safety Committee Welcomes Your Feedback

Did you know Tiburon has a Traffic Safety Committee? Traffic and parking related issues are a shared concern between our community members, the Police Department, and the greater Town organization. Traffic safety is an important part of keeping our Town safe and vibrant.

The [Traffic Safety Committee](#) is an informal group consisting of the Director and Superintendent of Public Works, a parking officer, and the Police Chief and/or his designee. The group meets bimonthly to discuss problem solving strategies for ongoing traffic and/or parking related issues that have not been resolved by traditional enforcement and engineering means.

The Committee welcomes your feedback. If you would like to bring a matter to the committee's attention, [send them an email here](#).
