I am known as an elected official who gets things done and my door is always open. As your Mayor/Councilmember, I'm proud of our accomplishments. I've spearheaded the acquisition of new open space, broadband, a new library, helped revitalize downtown, ensured a balanced budget, promoted diversity, supported more community events, and prevented toxic chemicals from being sprayed in our parks/playgrounds. I will collaborate with you to preserve our amazing home, Tiburon. I humbly ask for your support to finish the job.

Let's preserve our magnificent open space and Tiburon's unique character, reduce traffic, keep Tiburon fiscally sound, protect the environment, combat climate change, ensure good emergency preparedness and housing policies. I will always work in Tiburon's best interests and be transparent in my decision-making. I respectfully ask for your vote. I want to hear from you: vote4holli@gmail.com or hollithier.com
